Departmental Achievements :

"It feels great to pen my feelings for DCSMAT Business School... the place which brought out the best in me and shaped me for my foray into the corporate world. Every moment spent there has truly been a learning experience... from meeting the deadlines, class participation, presentations, events... the list is endless. I have discovered a corporate person in me, got an exposure to the greater world. I came into contact with the wide vistas and found the self-confidence to take on the future challenges of corporate life. DCSMAT has instilled in me the necessary ingredients to become a good professional. The SCM classes were really awesome which I am practically implementing now. Above all I owe a lot to the batch that I belong to... especially my fellow pals. I also owe a lot to the faculty for being supportive in all my endeavors. Big thanks to all of them. Here's wishing DCSMAT all the very best in its journey to mould aspiring managers not only as better professionals but also as better human beings."

"Looking back at the two-year programme, the most enriching aspect was the friendships made in this two years. Rather than feeling compelled to conform to a certain standard and business school identity, as a DCian you could maintain the personal identity and leave with a more confident and marketable version."

*Vimal Ashok Paramisivan
Head, Kerala (Casio), QRS*

"An opportunity to spend two long years in an enchanting hill station 'the haven of tranquility', is not something that everyone would experience, and I highly admire the kind of system, DC observe to augment every DCians IQ. DC's career-oriented academic programs are rigorous and challenging. The regular visit of experts from industries make the learning real time. You are engulfed with stimulating concepts and new technologies of grasping knowledge, thereby molding yourself into an entirely different personality that would enrich you get along with an ease into the corporate field".
